

CLATGYAN TEST SERIES 2019

ABOUT CLATGYAN:

CLATGyan was started in 2010 and is run by a group of students from NALSAR University of Law, Hyderabad. The idea behind CLATGyan is to assist law aspirants by using the experience we earned while preparing for it, and eventually, cracking CLAT. Our intention is to provide tailored content and guidance to aspirants by developing subject-matter guidance notes, specific questionnaires, practice tests and individual mentorship.

Apart from providing free online content in the form of Daily Briefs, weekly compendiums and practice exercises, we have also been a source for CLAT aspirants to find their inspiration. Our achievers have year-in and year-out proved their mettle by simply focusing on thorough preparation and loads of practice accompanied by worthy advice from their mentors at CLATGyan. All content on CLATGyan is developed by students of NALSAR University of Law, Hyderabad.

FEATURES OF THE TEST SERIES:

- The CLATGyan Test Series 2019 includes thirty comprehensive simulated tests on the pattern of major law entrances (Twelve on CLAT and one each on AILET, SET and LSAT).
- As a part of the test series, the subscriber will be allotted a personal mentor who is currently a student of NALSAR University of Law, Hyderabad. Your CLAT journey becomes less tedious when you have a guide to get you through the most common roadblocks that come your way.
- The questions are carefully drafted, keeping in mind the recurring patterns and varying levels of difficulty. In our opinion, a test must always act as a performance tracker of the individual student. This is one of the reasons why we strongly discourage our subscribers to pay attention to the ranks they attain in any mock test they attempt. What matters most at the end, is how much you score in each of these tests.
- The tests are aimed to provide the student with an experience as similar as possible to writing the actual tests. Therefore, all tests are conducted on an online platform where one could log in and take the tests. The tests are timed, and the scores are calculated exactly in the manner in which the actual tests would be, including negative marking. However, you will be able to take each of the tests only once. But you can always login to review the tests already solved.

- We are introducing sectional tests with specific focus on topics in each section. A mock test gives you the feel of the actual CLAT but a sectional test will help you familiarise yourself in specific subjects and identify your weaknesses. It can also expose you to the various types of questions that can come in the examination so that none of you are taken by surprise.

In total, there will be 15 sectional tests with the break-up as follows:

- English – 2
- Mathematics – 3
- General Knowledge – 4 (including two tests of Current Affairs)
- Logical Reasoning – 3
- Legal Aptitude – 3
